February 17 - May 6, 2024

NEW MEDIA GALLERY /
ART + TECHNOLOGY LAB
SCHOOL PROGRAMS
FOR TEACHERS

Alexandra Daisy Ginsberg (UK) | Mat Collishaw (UK) | Marco Barotti (Italy)

ABOUT ZOOVEILLANCE: Three international artworks focus on animal stand-ins that help us discuss concerns around social media and artificial intelligence. The entire visit will promote a lifelong interest in the arts, while framing contemporary art and creative making as fun, absorbing, and inspiring ways of understanding the world.

GUIDED TOURS

Your visit begins with an exhibition tour connecting students with international artists and the innovative uses of technologies, concepts, and ideas from around the world. Students will experience remarkable art installations that consider and reflect on a digital world increasingly restructured and governed by social media and artificial intelligence.

Tour:
New Media Gallery
Grades: All
Duration: 30 min
Fee: FREE
30 students max

CREATIVE TECH WORKSHOPS

Designed to be fun and interactive, Creative Tech Workshops integrate ideas from the MEASURE exhibition together with BC's Core Curriculum. Big ideas inform each exciting 1.5 – 3 hour workshop where a focus on process and inquiry-based learning are key. Encouraging and building on a vibrant and dynamic process of creativity and imagination is our thing; we champion individual and collective brainstorming and focused play!

Workshop + Tour:
Art + Technology LAB
Grades 1-12
Duration: 60-90 min
Fee: \$150 +gst
